

load_image_with_stb

load_image_with_tinyexr

astc_img_from_floatx4
_array

```
graph LR; A[load_image_with_stb] --> C[astc_img_from_floatx4_array]; B[load_image_with_tinyexr] --> C;
```

The diagram illustrates a dependency or flow where two separate functions, 'load_image_with_stb' and 'load_image_with_tinyexr', both point to a single target function, 'astc_img_from_floatx4_array'. The target function is highlighted with a gray background, while the source functions have white backgrounds. Blue arrows indicate the direction of the flow from the source functions to the target.
